***Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.***

### GOVERNMENT OF INDIA.

#### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 4th March, 1925 :—

No. 2 OF 1925.

*A Bill to amend the Succession Certificate Act, 1889.*

WHEREAS it is expedient to afford protection to parties paying as well as debts to the representatives of deceased persons claims payable under policies of assurance effected on their lives ; it is hereby enacted as follows :—

Short title and commencement

**1.** (*1*) This Act may be called the Succession Certificate (Amendment) Act, 192 .

(*2*) It shall come into force on the day of 192 .

Amendment of section 4, Act VII of 1889.

**2.** Sub-clauses (*a*) and (*b*) of sub-section (*1*) of section 4 of the principal Act are repealed and the following sub-clauses shall be substituted therefor, namely :— VII of 1889.

"(*a*) Pass a decree for payment of—

(*1*) any debt accrued or accruing due to a deceased person at the time of his death,

(*2*) any claim arising out of any policy of assurance effected on the life of the deceased whereby the moneys to be paid thereunder are expressed to be payable to his executors or administrators, to a person (other than an assignee of such debt or claim) claiming to be entitled to the effects of the deceased person or any part thereof, or

(*b*) proceed upon an application of a person claiming to be so entitled to execute against a debtor of the deceased a decree or order for the payment of his debt."

Addition of words after "debt" and "debts."

**3.** The words "or claim" shall be inserted after the word "debt" and the words "or claims" after the word "debts" wherever the same occur in the principal Act, respectively. VII of 1889.

## STATEMENT OF OBJECTS AND REASONS.

The sole purpose of the Bill is to assist towards the speedy settlement of claims under policies for life assurance and to afford adequate security to Companies making payments. Expeditious settlement of claims is a matter of as much concern to the paying Companies as to claimants, but it is frequently obstructed by the failure on the part of claimants to adduce necessary proof of title. Under the terms of a policy the moneys are payable to the executors or administrators of the deceased and Companies accept the modified form of grant as constituted by a Succession Certificate as sufficiently complying with the condition. But cases occur with some frequency where Subordinate Courts refuse applications for certificates on the ground that they are unnecessary for the enforcement of claims for policy moneys. A Company is then placed in this position : that it has either to admit and pay the claim with the possible risk of being called upon to pay again to a future claimant, or decline to entertain the claim without production of a Grant or Certificate and in such case compel the claimant to institute a suit to establish his title. But as the policy of Companies is to avoid litigation except in an extreme case the practice is to accept the title of the claimant on such evidence as may be adduced in the nature of declarations and affidavits which in themselves are inconclusive and afford no actual security in the event of payment being subsequently proved to have been made erroneously. It will be seen then that Insurance Companies in the pursuit of their object to secure a speedy settlement of claims and in affording to claimants the greatest amount of assistance voluntarily expose themselves to risks which it would be admitted ought not properly to be undertaken by them, and it will be generally agreed that such a system should not be allowed to continue unless valid objections can be put forward against its abolition. So far as can be ascertained no such objection can be raised, and the Bill which is now introduced incorporates merely a simple measure whereby any claimant to policy moneys will be compelled to apply for a Succession Certificate in proof of his title. As already explained the difficulty which is experienced has arisen by reason of Subordinate Courts having held that a certificate is not necessary in certain cases. If a positive enactment is introduced specifically bringing claims under policies within the scope of the Act all uncertainty on this head will be eliminated ; a certificate will issue as of course at a small cost to the claimant and the claim will be immediately settled.

It will be observed that the general form of the section has been somewhat altered and that an amendment has been inserted with regard to the provisions as to payment of a debt. The reason for this alteration is to be found in the uncertainty which has occasionally arisen in cases dealt with by Subordinate Courts by which it has been held that only debts which have become payable to the deceased at the time of his death fall within the category of debts to which the Act is applicable. The definition of a debt has been exhaustively discussed by the Calcutta High Court in the case reported in 13 Calcutta Weekly Notes, but it would seem that some inferior Courts are not disposed to follow the rulings in that case and the present is considered an opportune occasion to introduce an amendment which will obviate the possibility of future controversy on the point and will give effect to what was undoubtedly the intention of the principal Act. Both provisions are considered necessary as it is at any rate doubtful whether a claim under a policy falls within the category of debts—the contrary having been held in certain cases and, unless the enactment is made specifically applicable to claims under policies, an amendment on other lines must necessarily give rise to further litigation.

---

## STATEMENT OF OBJECTS AND REASONS.

The purpose of the Bill is to remove certain minor defects which have come to light in the first year's working of the Cantonments Act, 1924. The nature of each proposed amendment is briefly explained below.

*Clause 2 (a) and clause 9.*—These amendments are necessary to bring the wording of the Act into line with the revised designation of the service.

*Clause 2 (b).*—It does not appear to be necessary to require the previous sanction of the Governor-General in Council in these cases.

*Clause 3.*—The object of the proposed amendment is to make it clear that the nomination of military officers to a Cantonment Board should be by name. The word "appointment" in section 14 (*1*) (*f*) is not correctly used as no appointment is made of *ex officio* members. The use of the word in section 14 (2) is further unnecessary.

*Clause 4.*—It was intended that "a Magistrate of the first class" referred to in section 14 (*1*) (*b*) should be either an honorary or a stipendiary Magistrate, and that a stipendiary Magistrate should not be qualified for election to a Cantonment Board; but under section 28 (*2*) (*c*) a stipendiary Magistrate cannot be nominated. The section has been amended to allow of the nomination but not of the election of the stipendiary Magistrate.

*Clause 5.*—It is considered necessary in the interest of discipline and for the proper control of cantonment servants to provide that a cantonment servant shall be deemed to be a public servant for the purpose of the Indian Penal Code.

*Clauses 6 and 12.*—Cantonment Boards derive a substantial portion of their income from the management of Government lands in cantonments. But as this does not fall within the statutory powers of a Cantonment Authoriry as so far defined under the Act, it is now proposed to make the necessary provision.

*Clause 7.*—The object of this amendment is to empower the Cantonment Authority to compel the removal of ruinous buildings in cantonments by their owners. Similar provisions are contained in many municipal Acts.

*Clauses 8, 10, 11, 13 and 14.—General amendments.*—The military officer in command of the troops in a cantonment is designated the "Officer Commanding the station," whereas the same officer is described in the Cantonments Act as the Commanding Officer of the cantonment. The object of the proposed amendments is merely to obtain uniformity in nomenclature.

## STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to continue certain provisions of the Indian Finance Act, 1924, which would otherwise cease to have effect from the 1st April, 1925, and to give effect to certain minor amendments in the tariff.

2. Clauses 2, 4 and 7 provide for the continuance of the rates of salt duty, postage income-tax and super-tax prescribed by the Indian Finance Act, 1924, while clause 6 provides for the credit to revenue for a further period of one year, *i.e.*, till the 31st March, 1926, of interest on securities forming part of the Paper Currency Reserve.

3. Clauses 3 and 5 give effect to certain minor amendments which it is proposed to make in the tariff. The changes are not important from the revenue point of view and are as follows:—

(*i*) The 2½ per cent. import duty on grain and pulse is removed in accordance with the recommendations of the Fiscal Commission. Import of these articles is negligible in normal times and the duty is suspended in times of scarcity.

(*ii*) At present motor spirit produced in India is subject to an excise of 6 annas a gallon and imported motor spirit to a duty of 8½ annas a gallon. Imports are extremely small and in order to cheapen motor spirit, it is proposed to reduce the excise duty to 4 annas a gallon on petrol produced in the country and to levy merely a customs duty on imported motor spirit at the same rate, viz., 4 annas a gallon.

(*iii*) Certain articles such as heads, reeds, shuttles, etc., can be used as component parts either of power looms or hand looms and are therefore assessable to duty under the higher rate, *i.e.*, as component parts of hand looms. Their chief use, however, is in power looms. It is proposed to amend the Schedule so as to make it clear that the duty to be levied on these articles is the same as that on other component parts of power machinery, namely 2½ per cent.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 5th March, 1925 :—

### No. 23 OF 1925.

*A Bill further to amend the Indian Income-tax Act, 1922.*

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for the purpose hereinafter appearing; It is hereby enacted as follows :— XI of 1922.

Short title. **1.** This Act may be called the Indian Income-tax (Second Amendment) Act, 1925.

Amendment of section 18, Act XI of 1922 **2.** In section 18 of the Indian Income-tax Act, 1922, after sub-section (*2*) the following sub-section shall be inserted, namely :— XI of 1922.

"(*2A.*) Notwithstanding anything hereinbefore contained, for the purpose of making the deduction under sub-section (*2*), there shall be included in the amount payable any income chargeable under the head 'Salaries' which is payable to the assessee out of India by or on behalf of Government, and the value in rupees of such income shall be calculated at the prescribed rate of exchange."

---

### STATEMENT OF OBJECTS AND REASONS.

Under the Superior Civil Services (Revision of Pay and Pension) Rules, 1924, dated December 9, 1924, made by the Secretary of State for India in Council, under section 96 B (2), (3) of the Government of India Act, overseas pay is drawn by certain officers, in sterling, from the High Commissioner for India in London. Under the Indian Income-tax Act this overseas pay is liable to Indian Income-tax; but as the Indian Income-tax Act is not enforceable outside India, there is no legal obligation either on the High Commissioner to deduct the income-tax at the time of payment of the overseas pay or on the person entitled to the overseas pay to submit to such deduction. Nor can any authority in India, as the law stands at present, recover the income-tax every month by deduction as the overseas pay is paid. The only course therefore open to the Income-tax Department under the Act is to recover the tax on the overseas pay at the time of assessing the officer in the next year. For reasons of administrative convenience it is considered that the income-tax on such overseas pay should be collected every month by the authority in India which pays the officer the rest of his pay, and this Bill is intended to give effect to this arrangement.

### NOTIFICATION.

*Delhi, the 6th March, 1925.*

*No. F.-82-I.—25-A. C.*—Under Rule 18 of the Indian Legislative Rules the Governor-General has been pleased to order the publication in the Gazette of India of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information :—

### BILL NO. 24 OF 1925.

*A Bill further to amend the Indian Stamp Act, 1899.*

WHEREAS it is expedient further to amend the Indian Stamp Act, 1899, for the purpose hereinafter appearing ; It is hereby enacted as follows :— II of 1899

Short title

**1.** This Act may be called the Indian Stamp (Amendment) Act, 1925.

Amendment of Schedule I, Act II of 1899.

**2.** In article No. 47 in Schedule I to the Indian Stamp Act, 1899, after Division C, the following Division shall be inserted, namely :— II of 1899

| | |
|---|---|
| "CC.—INSURANCE BY WAY OF INDEMNITY against liability to pay damages on account of accidents to workmen employed by or under the insurer or against liability to pay compensation under the Workmen's Compensation Act, 1923, for every Rs 100 or part thereof payable as premium ... ... ... | One anna." |

---

### STATEMENT OF OBJECTS AND REASONS.

Before the Workmen's Compensation Act, 1923 (VIII of 1923), was brought into force it was noted that insurance policies to cover workmen's compensation would be liable to duty under No. 47-D of Schedule I of the Stamp Act, 1899 (II of 1899), and that the sum insured being the maximum possible amount of compensation payable under the policy, namely, Rs. 3,500 for each workman, the sum payable in the case of permanent disablement, the stamp duty payable on such a policy under Item 47-D would be so high as entirely to prohibit insurance, namely, Re 1-8 per workman. After consulting Local Governments it was decided, as an emergency measure which could be carried through before the date when the Workmen's Compensation Act came into force, to reduce the stamp duty chargeable on such policies by the use of the powers conferred upon the Governor-General in Council by clause (*a*) of section 9 of the Indian Stamp Act, 1899, and Notification No. 2645 of the Government of India in the Finance Department (Central Revenues) was issued on the 26th of June 1924 reducing the stamp duty to one-tenth per cent. of the premium payable.

2. After the issue of that notification, a communication was received from one Local Government supporting a proposal that the stamp duty should be fixed at a uniform rate of eight annas for each policy, irrespective of the number of workmen covered, with the alternative suggestion that, if a scale had been definitely decided upon, the rate ought certainly not to be more than one anna for every Rs. 100 of premium. The Government of India again consulted all Local Governments themselves expressing a preference for a scale on the grounds : firstly, that it might provide for an even smaller fee than eight annas in the case of a policy covering the workers in a small factory ; and secondly, that there was no obvious reason why the duty should be the same in the case of a small factory and in that of a large one, since it was the owners of small factories who needed to be encouraged to insure. All Local Governments have agreed to the proposal that the rate should be fixed at one anna for every Rs. 100 of premium paid, and the object of the present Bill is to give effect to this agreement. The rate proposed is appreciably less than that now in force under the notification quoted above.

A vessel on nearing the Dredger will call the latter's attention by giving one long blast on the whistle.

Vessels of deep draught must not enter the dredged cut either inward or outward after high water and vessels of light draught before attempting to navigate the dredged cut must be absolutely certain of getting through before the tide falls to their draft of water.

A deep laden vessel inward bound will wireless to all outward bound vessels that the ship intends to enter the dredged channel before high water and the Masters of outward bound ships must use their own discretion whether they pass the inward ship in the channel or wait for her to clear before entering the cut.

Any vessel which is not steering well must on no account enter the dredged channel until all vessels bound in the opposite direction have passed clear.

No vessel should enter the dredged cut unless the Master is certain of obtaining one foot more water than his vessel is drawing.

## RESOLUTION ON THE REPORTS FROM THE COMMISSIONERS OF DIVISIONS ON THE WORKING OF MUNICIPALITIES IN THE BENGAL PRESIDENCY (EXCEPT CALCUTTA) DURING THE YEAR 1923-24.

### GOVERNMENT OF BENGAL.

### Local Self-Government Department.

CALCUTTA, THE 14TH APRIL 1925.

RESOLUTION No. 1277M.

READ—

Reports from the Commissioners of Divisions on the working of municipalities in the Bengal Presidency (except Calcutta) during the year 1923-24.

1. **Number of municipalities.**—The number of municipalities increased from 117 to 118 owing to the establishment with effect from 1st October 1923, of a

municipality at Gaibandha in the district of Rangpur. The area of the Pirojpur municipality in Bakerganj was reduced from eleven to eight square miles by the exclusion of eight villages which are more rural than urban.

2. **Elections.**—General elections were held in 19 municipalities and were hotly contested in the majority of cases. The percentage of attendance of voters in the elections was high in many cases: in the small town of Kalna about 75 per cent. of voters were present at the polling stations. These contests, while indicating that keener interest is being taken in elections generally, may to a certain extent be attributed to the excitement caused by the Swarajist attempts to capture the local bodies. In Champdany two of the defeated candidates instituted civil suits for setting aside the elections of Wards II and III. The cases are still pending. A civil suit in connection with the general election of Ward VII of the Dacca municipality, held in 1921-22, which was pending before the High Court, was dismissed and fresh elections for the two seats were held after the close of the year. Pending the High Court's decision of the civil suit in connection with the election of Wards II and III of the Maniktola municipality, which was held in 1919-20, the new Board could not be formed for the last three years. This case illustrates the pressing need for the speedy disposal of election disputes by special tribunals. It is hoped that the provisions for such tribunals made in the new Municipal Bill, which was introduced into the Bengal Legislative Council in August last, will, when adopted, remedy the present state of affairs.

3. **Meetings.**—Altogether 136 meetings or on the average, one in every 18 failed for want of a quorum. The failure was most marked in Jainagar where nine out of 17 meetings were adjourned and three proved abortive. At Suri and Murshidabad more than half, and at Kotchandpur nearly half, the number of meetings held was unsuccessful. The small municipality of Panihati held the largest number of meetings, *viz.*, 79, but this is due to the fact that many special meetings were held at the same sitting, the subject matters for which could have been disposed of in general meetings. The Commissioners of Kanchrapara, Garulia, Taki, Ranaghat, Dainhat and Khirpai failed to meet once a month. It is reported that the statement made in the resolution for the preceding year that 14 meetings held by the Birnagar municipality in 1922-23 failed was not correct. The attendance of Commissioners was on the whole fair, but it was very poor at Budge-Budge.

4. **Rate-payers and voters.**—The total number of rate-payers rose from 328,789 to 333,429 or 15·3 per cent. of the total population. The ratio varied from 35·4 in Kumarkhali to 3·1 per cent. in Titagarh, a mill town with a large cooly population. Other towns in which rates are paid by less than one-tenth of the people are the hill stations of Darjeeling and Kurseong and the several riparian mill municipalities, including Naryanganj—a town with a floating population of factory operatives living with their employers. There was an appreciable increase in the number of rate-payers at Panihati, Baranagar, Cossipore-Chitpur, Bhatpara, Garden Reach, Halisahar, Khulna and Debhatta, but no explanation of the increase has been given except in the case of Baranagar where it was due to natural growth in the population.

5. **Assessment and taxation.**—The average incidence of taxation per head of population rose from Rs. 2-14-0 to Rs. 2-15-3. It is highest in the hill municipalities of Darjeeling (Rs. 10-0-9) and Kurseong (Rs. 8-4-10). Next come Howrah (Rs. 7-12-3), Cossipore-Chitpur (Rs. 7-11-4) and Chittagong (Rs. 5-5-5): in the last-named town the increase is due to general revision of assessment. In three other municipalities, *viz.*, Naraiganj, Burdwan and Maniktola the ratio was above Rs. 4, while it is as low as 6 annas and 6 pies in Debhatta and a little over 8 annas in Bajitpur and Ramjibanpur. Generally speaking the incidence of municipal taxation in the Presidency, as compared with English standards, is extremely low and unless the rate of taxation is raised no great amelioration of the conditions of civic life can be effected.

A general or partial revision of assessment was made in 31 municipalities while the revision made in the previous year took effect in six other towns. The revision produced an increase of Rs. 5

lakhs in the municipal demand of the Presidency as a whole. The largest increase was obtained in Dacca (Re. 1 lakh); then come Chittagong with an increase of Rs. 31,956; Baranagar, Rs. 24,462; Serampore, Rs. 17,381; and Berhampore, Rs. 16,727. In Barisal the rate of "Tax on persons" was raised from 14 annas to Re. 1 per hundred rupees of annual income and the latrine rate from 8 to 9 per cent. on the annual value of holdings; on the other hand the water rate was lowered from 6 to 5 per cent. As a result, the demand of the municipality increased by about Rs. 7,000 per annum.

6. **Collections.**—The total collections for the Presidency as a whole increased from Rs. 61½ lakhs to Rs. 62½ lakhs, but the percentage on the current demand fell from 95·2 to 89·9, the lowest ratio (54·04) being returned by Rajbari, where the Municipal Commissioners refrained from adopting stringent measures for the realization of taxes, as these had been newly imposed. In 23 municipalities the collections were equal to or in excess of the current demand and in 11 they were over 99 per cent. On the other hand, in seven municipalities, the ratio was under 80 per cent.—a deplorably low figure—falling as low as 67·2 per cent. in Dacca. The poor collections in Dacca and, in consequence, the heavy outstanding balance are ascribed to a widespread and unscrupulous agitation headed unfortunately by three Commissioners against the revision of assessment. As in the previous years, Garulia and Nalchiti collected cent. per cent. of the demand without any remission. Champdany and Titagarh also collected practically the whole demand, granting only ·2 and 1·1 per cent. remission.

The percentage of remissions on the current demand for the Presidency as a whole rose from 3·6 to 4·1. The small municipality of Baduria remitted nearly one-fifth of its current demand which amounts to only Rs. 7,847, while five others, *viz.*, Bankura, Rajpur, Baraset, Nabadwip and Sirajgang remitted more than 10 per cent. The high remission in Bankura (14·58 per cent.) was due to the failure to realize, even by civil suits, long outstanding arrears which exceeded half the current demand. No explanation has been given for the high percentage of remission in other towns.

The balances outstanding at the close of the year rose from Rs. 9,88,037 to Rs. 14 lakhs of which Howrah alone was responsible for nearly Rs. 6 lakhs. The large accumulation in Howrah is mainly due to the delay in the disposal of appeals against the revision of assessment in two of the largest tax paying wards and to the non-payment of Rs. 42,000 due from the East Indian Railway. Other municipalities which had unduly large balances outstanding were Cossipore-Chitpore, Tollygunge, Garden Reach, Dacca, Mymensingh, Chittagong, Bally, Serampore and Hooghly-Chinsurah. In the case of the first-named municipality the balance represents only 9·6 per cent. of its current demand. The balance in Tollygunge was due to long outstanding arrears, a part of which is irrecoverable and to non-payment of taxes by the Eastern Bengal Railway. The greater portion of the unrealized balance in Garden Reach was due from the Port Commissioners who withheld payments on account of a dispute over conservancy work. The arrears in Chittagong are partly due to the non-disposal of appeals made by the Assam Bengal Railway against the revision of assessment. In Mymensingh a fire in the Tax Daroga's office destroyed his books and the collections remained at a standstill till the end of the year. In other cases no satisfactory explanations have been furnished but generally they are due to laxity in collections and the neglect of the municipal executive to enforce punctual payments, quarter by quarter, by means of a regular and impartial issue of warrants.

7. **Income and expenditure.**—The aggregate receipts, including opening balances, rose from Rs. 1,12,83,825 to Rs. 1,14,86,449, the income from rates and taxes and from the sale-proceeds of Government Securities rising by nearly Rs 3 lakhs and that from loans by nearly Rs. 1¼ lakh Expenditure also rose from Rs. 94,44,329 to Rs. 96,07,218, the largest increase, *viz.*, Rs. 2¾ lakhs occurring under the head "Public Health and Convenience".

8. **Closing balance.**—The total balance at the close of the year amounted to Rs. 18,79,231 as against Rs. 18,39,496; the largest being held by Howrah (Rs. 3,94,568), Darjeeling (Rs. 1,55,502) and garden Reach (Rs. 1,52,260). No explanation has been furnished for the

large balance in Howrah except that it includes the unspent balance of the loan of Rs. 2,50,000 taken from Government for the improvement of water-supply. In the case of Garden Reach the major portion represents funds for the improvement of water-supply and in the case of Darjeeling it is mainly due to some of the sanctioned work having been put off owing to difficulty in procuring materials. On the other hand, a number of municipalities failed to keep adequate working balances, and in several cases they were insufficient to meet outstanding liabilities. In the case of Jessore, Hooghly-Chinsurah, Katwa, Raniganj, Faridpur, Rajbari, Pabna and Sirajganj the outstanding liabilities largely exceeded the closing balances. The worst offenders in this respect were English Bazar and Baraset which had outstanding liabilities of Rs. 1,342 and Rs. 2,179, respectively, against the actual balance of Rs. 97 and 205 only and Mymensingh which closed the year with a sum of Rs. 3,027 only in hand but with liabilities exceeding Rs. 30,000.

9. **Education.**—The amount spent on education, including the Government grant of Rs. 72,479 was Rs. 3,20,929 as against Rs. 3,56,200 in the preceding year. The expenditure on primary education also showed a corresponding fall of about Rs. 1,000. The decrease was most marked in Darjeeling and was due to the fact that in 1922-23 there was an extraordinary Capital expenditure of Rs. 20,363 on the boys' primary school. Twenty-one municipalities or one in six failed to spend on primary education 3·2 per cent. of their ordinary income—the percentage which is taken to represent the amount required for the education of half the number of boys of primary school-going age. On the other hand, the percentage was over 5 per cent. in 47 municipalities and over 10 per cent. in ten.

The South Suburban municipality started another free primary school under the scheme drawn up by Mr. E. E. Biss in addition to the two opened in March 1922.

The Commissioners of the Madaripur municipality also are very anxious to give full effect to Mr. Biss' scheme; they have converted the local Middle English School into a free primary school and established two other free primary schools during the year. Berhampore decided to impose an education cess of one per cent. for the introduction of a free primary education on a voluntary basis and to establish five schools in different wards. A Hindu Girls' School was started by the Raniganj municipality while an expenditure of Rs. 1,456 was incurred by the Kotchandpur municipality in constructing a free primary school building at Solemanpur.

10. **Water-supply.**—The total number of water-works in operation in municipalities was 38. The number of persons served was 1,011,520 and the total quantity supplied was 10,821,793 gallons per day. The erection of the new machinery for the improvement of Burdwan water-works was started and one set of pumps and engines was almost completed. The Midnapore water-supply scheme could not be completed during the year on account of the failure of the cement pipes supplied by the Hume Pipe & Co. These pipes could not stand the pressure of water and had to be replaced by cast iron pipes. This involved an additional outlay of Rs. 82,000 towards which Government made a special grant of Rs. 50,000 and the District Board Rs. 30,000, the municipality receiving a donation of Rs. 20,000 from the local people. At present a supply of 20,000 gallons per day is given to the town through street standposts. The Bankura water-supply scheme could not be completed as the well sunk to a depth of 17 feet which was expected to yield water of the quality required ended in hard rock and proved a failure. This necessitated an alteration of the scheme involving an additional outlay of Rs. 11,146 which was sanctioned by Government.

A scheme for the extension of water-supply to Chatra and Mahesh wards of the Serampore municipality was approved at an estimated cost of Rs. 1,75,000, towards which Government made a grant of Rs. 58,333 and promised a loan of Rs. 60,000. The pumping station of the Raniganj water-works and the Superintendent's quarters were almost completed but the scheme could not be fully executed for want of funds. The supply of water at Dacca was improved by connecting up the second elevated reservoir and extending the street mains, but it is reported that the present supply of water, *viz.*, 12·1 gallons per head of population,

is not sufficient. There was some extension of water pipes and street hydrants in Mymensingh. But the water-works plant is being subjected to a dangerous strain owing to the fact that an excessive number of house connections was granted in the past without meters being affixed. This has resulted in a waste of water to such an extent that the supply may break down at any moment. Although the seriousness of the position has been impressed upon the Municipal Commissioners more than once, no steps have been taken to remedy the present state of affairs. It may prove necessary to require the adoption of the model rules for house connections which make the meters compulsory. A separate line of pipes was laid by the Kurseong Municipality for the supply of water to Bhagatbir *bustee*. Appreciable progress was made with the Comilla water-works towards which Government contributed Rs 1 lakh The improvement of the Chittagong water-works, towards which Government promised a grant of Rs 50,000, was under the consideration of the Municipal Commissioners; their proposal to increase the number of water connections in anticipation of the improvement not having been accepted by Government A scheme for the supply of water to the northern section of Chandpur at an estimated cost of Rs 92,000 was under the consideration of the Sanitary Board. The management of the Berhampore water-works was taken over by the Public Health Department from the 17th January 1924. As usual, the suburban municipalities of Cossipore-Chitpur, Maniktola, Tollugunge, South Suburban and Garden Reach were supplied with water from the Calcutta mains, while several other municipalities in the Presidency Division got their supply from the local mill filters. A project for water-supply of the Bhatpara municipality is under the consideration of Government

In certain municipalities the water-supply is obtained from tanks. In Noakhali, where the majority of the people obtain water from the Public Works Department tank at Sonarpur by pipes, some private tanks were re-excavated and embanked for protection from the salt water.

It is gratifying to notice that the suggestion made in the two previous years' resolutions that smaller municipalities should undertake water-supply schemes based on tube wells received the approval of several municipalities. The small municipality of Baruipur has already got 24 tube wells which have proved very successful Tollygunge has sunk two such wells to supplement the supply available from the Calcutta mains and have proposals in hand to extend this policy. Basirhat has also made a start in this direction and has recently sunk two tube wells.

The Eastern Bengal Railway authorities supply filtered water to portions of Wards I, II and III of the Kanchrapara municipality and the Municipal Commissioners expect to arrange for an independent supply to the remaining area through tube wells

In view of the possible removal of the Dum-Dum Cantonment, the Commissioners of the South Dum-Dum municipality, who get a partial supply from the Cantonment, have under their consideration the question of starting a tube well scheme. Owing to the lack of funds, North Dum-Dum, North Barrackpore and Panihati municipalities made no progress with their schemes for the supply of water through tube wells

The Chairman of the Baruipore municipality states that "there was no epidemic disease of any kind within the municipality and this, it is believed, was owing to the use of tube well water"

11. **Conservancy and drainage.**—The conservancy charges which rose from Rs 21 lakhs to more than Rs 22 lakhs were about Rs. 5½ lakhs in excess of the receipts from latrine fees

The sewerage pumping station of Dacca was opened in September last; it now serves a considerable part of the town. The work in connection with the Titagarh sewerage scheme is progressing slowly. The Naihati and Krishnagar schemes have been kept in abeyance for want of funds while those for Bhatpara and Kamarhati were under the consideration of Government It is reported that the sewerage of the Kurseong municipality, which has been in operation for the last three years, has not proved satisfactory, the septic tanks forming breeding places for mosquitoes.

In Rajshahi silt was cleared from a big flushing drain and several *pucca* cross drains were repaired. Minor drainage works were also carried out in several other towns. These were generally confined to construction and repair of drains.

12. **Public Health.**—It is a good sign that for the past few years almost all municipalities have been taking measures to improve sanitation by filling up, clearing or disinfecting insanitary tanks, ditches and *dobas* and by removing jungles and obnoxious vegetation. In Kalna several unsightly and jungle-covered plots of land on the outskirts of the town have been leased by the local merchants for the establishment of rice mills. The clearing and levelling of lands which were rendered necessary for this purpose have had a salutary effect on the sanitation and public health of the town. In Bansberia also much improvement was effected by a similar process, the American Manufacturing Co. having cleared a large jungly tract for their work. A thickly congested *bustee* adjoining the local bazar at Khulna was improved by opening new roads and *pucca* drains. Other municipalities might follow these examples, for as a rule, little is done in the way of town planning and improvement. By-laws were framed by certain municipalities for the eradication of water-hyacinth.

In many municipalities notices were issued on owners of insanitary tanks or those with water-hyacinth requiring them to have their tanks cleansed, filled up or re-excavated as the case might be. Notices were also issued to owners or occupiers of private lands to clear jungles and rank vegitation. In the majority of cases the notices were complied with without prosecution. Where they were disregarded, the municipality had either to prosecute or to do the work itself, retaining possession of the tank for the recovery of costs. In Midnapore alone 60 owners of unwholesome tanks were served with notices and in 14 cases the owners were prosecuted.

Preventive measures were taken by a large number of municipalities to check the spread of epidemics. Medicines and disinfectants were freely distributed, tanks were reserved and special doctors appointed, where necessary. Cholera and small-pox broke out in several municipalities in the district of the 24-Parganas and elsewhere. People were warned against using the water of suspected tanks and wells, and inoculation with cholera vaccines was freely resorted to in some towns. At Bhatpara, where 70 deaths occurred from cholera, Genozon was supplied free and Dr. Tomo's cholera mixture given with good results. At Bankura, Sanitary Inspectors attended the railway station and prevented suspected persons from entering the town. Some of the municipalities arranged lantern lectures and distributed health leaflets for the purpose of educating the people on sanitation and public health. In Asansol the Mines Board of Health carried on propaganda in public health.

Free vaccination was provided by many municipalities and effective measures were taken to secure the vaccination and revaccination of children. Vaccination depôts were opened and permanent vaccinators were employed by some municipalities for the purpose. There were some prosecutions under the Vaccination Act in Bhatpara, Kamarhati, Baranagar, Mymensingh and Chittagong.

The Bhatpara municipality granted a reward of one anna to all persons giving information of births and deaths. This example might be followed by others, in view of the fact that registration in many towns is still very defective.

Malaria and kala-azar were prevalent in some municipalities. It is reported that the local anti-malarial and kala-azar societies, where they exist, did useful work in co-operation with municipalities in combating these diseases. Quinine and cinchona febrifuge were freely distributed by many municipalities. In Dacca a survey of the prevalance of kala-azar and malaria was partially carried in Ward No. VII and three centres were established for the free treatment of kala-azar. Several fatal cases of black water fever occurred in Dinajpur.

As in the previous year there were no Health Officers in Barisal and Chittagong. The latter municipality has since decided to appoint one.

A gratifying feature of the year under review is the increasing interest displayed by some municipalities in examining

foodstuffs offered for sale to the public. In Dacca 122 samples of different kinds of foodstuffs were analysed and 28 per cent. of them were found to be adulterated. All the parties concerned were prosecuted under the Bengal Food Adulteration Act. The municipalities of Baranagar, Bhatpara and Khulna instituted a number of prosecutions under the same Act, all of which resulted in conviction, while two prosecutions for adulteration of ghee were started in Berhampore under Section 251 of the Bengal Municipal Act and ended in conviction. On the other hand, a prosecution for the importation of 239 tins of highly adulterated ghee worth about Rs. 10,000 failed in Burdwan on the technical ground that it is the Municipal Commissioners and not the Chairman who can sanction prosecution under the Bengal Food Adulteration Act. As the quality of ghee was found on analysis to be thoroughly poisonous, the Chairman moved the Municipal Commissioners for the revival of the prosecution but the majority of them decided not to proceed further with the matter. This demonstrates the need for vesting the Chairman with powers for starting prosecution under the Food Adulteration Act; the new Bengal Municipal Bill contains a provision of this kind.

13. **Public works.**—The amount spent on public works rose from Rs. 10,75,420 to Rs. 12,05,539, the largest increase occurring under the head "Roads". The increase was most marked in the Presidency Division. It is reported that more expenditure is needed on roads in Chittagong.

The percentage of outlay on public works to the total expenditure varied from 1·2 in Bhola to 41·3 in Champdani.

14. **Loans.**—Altogether 43 municipalities were in debt to Government at the end of the year, their total liabilities amounting to nearly Rs. 39 lakhs. Howrah took a loan of Rs. 2,50,000 for the improvement of water-supply and Sherpur in the district of Mymensingh Rs. 10,000 for the construction of its office building, while Dinajpur and Rajbari fully redeemed their loans. The latter, however, still owes to Government Rs. 1,400 which was taken as an advance. The loan of Rs. 1,000 raised by the Santipur municipality in the open market was liquidated in full. A sum of Rs. 1,435, being the unspent balance of a loan taken by the Katwa municipality for its drainage scheme was illegally appropriated towards general expenditure. The Municipal Commissioners have lately been asked to refund the amount to Government at an early date.

15. **Audit of accounts and embezzlement.**—The accounts of almost all municipalities were audited. The audit discloses a very unsatisfactory condition of affairs in the Baraset municipality. There have been embezzlements by the collecting sarkar and the accountant, the preparation of which was facilitated by the laxity of the municipal executive. A report has been called for from the municipality. Embezzlements or misappropriation of municipal money also occurred in Gobardanga, Satkhira, Mymensingh and Jamalpur. The amounts misappropriated in the first two named municipalities were, however, recovered from the culprits and the officers concerned were dismissed. In the case of Mymensingh and Jamalpur the culprits were criminally prosecuted; their cases are still pending. In Krishnagar a case of double payment of Rs. 229 made to a contractor was detected and the contractor was criminally prosecuted. The case is now *sub judice*. The accountant who passed the bills was punished departmentally. Government have recently received a proof copy of the Examiner of Local Accounts consolidated audit report for the Presidency which is published for the first time in the current year. This Report deals in a lively and interesting manner with the dry bones of municipal finance and very clearly characterizes the defects which are only far too common.

16. **General remarks—Burdwan Division: Howrah.**—The ordinary income of the municipality increased from Rs. 15·92 lakhs to Rs. 16·99 lakhs. The increase is mainly due to the revision of assessment in Wards IV and VIII, to which effect was given during the year under review. Expenditure also rose from Rs. 14 lakhs to Rs. 15·88 lakhs mainly on account of increased outlay under the heads Water-supply, drainage, conservancy and roads and of the payment of arrear bills of the Calcutta Electric Supply Corporation. The current demand of the municipality increased from Rs. 16·70 lakhs to Rs. 17·77 lakhs and about Rs. 2 lakhs of arrear

collections were realised during the year. The collection and assessment departments were reorganized and additional staff sanctioned.

As in previous years, the work of conservancy was done by Ward Committees. The question of the disposal of street sweepings in this town is a difficult one. It is reported that the present system of using them for filling up tanks cannot continue long and a scheme for an incinerator has been prepared. The length of roads watered daily increased from 26 miles to 30 miles.

A sum of Rs. 21,000 was spent on education. Five primary schools have been taken over by the municipality and education has been made free. The Municipal Commissioners have also decided to establish a free primary school in the northern part of the town where there was none.

The birth-rate of the town was 23·5 per mille against 25·48, while the total number of deaths was 5,801 against 5,356 in the preceding year. The increase was not, however, due to ravages of eqidemic diseases.

The Commissioner of the Division remarks that the Chairman of the Burdwan municipality continued to take keen interest in the administration of the town. The water-works of the town require thorough renovation, but the Municipal Commissioners are unable to finance any loan. A small beginning has been made towards tackling the problem of kala-azar by the opening of a kala-azar dispensary, but the old enemy, malaria, has been allowed to continue its ravages practically unchecked. It is satisfactory, however, to note that systematic anti-malarial work on the lines advocated by Dr. G. C. Chatterji has lately been taken up in co-operation with the district and railway authorities. The influx of kala-azar patients to Kalna has decreased, as centres for the treatment of the disease have been opened in different parts of the subdivision, but malaria, has increased. Anti-Malarial Society has lately been formed. The recent severe outbreak of cholera in Katwa has demonstrated the imperative necessity for a filtered water-supply, and the municipal Commissioners propose to construct two tube wells. Street lighting arrangements in the town were inadequate, few of the roads were repaired and the Sanitary Inspector was discharged. The greatest need of Asansol —a growing industrial centre—is an adequate and up-to-date water-supply. At present the people obtain water from a few scattered wells, all of which dry up in the hot weather. Several schemes for water-works were formulated at different times, but have been abandoned as too costly. A proposal for a joint scheme with the East Indian Railway for bringing filtered water from the Barakar river is now under consideration. Conservancy presents peculiar difficulties in this town, as exceptionally high rates are demanded by the sweepers on account of the vicinity of extensive collieries and of the East Indian Railway settlement. The condition of the three municipalities in the district of Bankura is not very satisfactory: roads are not well maintained, conservancy arrangements are indifferent, drains and privies are not efficiently cleansed and cesspools, where they exist, are a standing nuisance. The District Magistrate of Midnapore reports that the best managed municipalities in the district are Tamluk and Ghatal, both of which are doing very useful work. The financial position of the Midnapore municipality is still unsatisfactory. The District Magistrate of Hooghly remarks that insufficiency of funds is the bane of most of the municipalities in the district and that in the two larger municipalities of Hooghly-Chinsurah and Serampore lack of proper supervision and control is partly responsible for their straitened financial condition. In Hooghly-Chinsurah the outstanding liability at the end of the year was Rs. 24,182 against a closing balance of Rs. 11,356; in Serampore it was Rs. 26,125 against a closing balance of Rs. 23,848. with regard to the smaller municipalities the Magistrate observes that the main difficulty appears to be that party feeling often prevails over the public interest. The much needed water-supply scheme of the Kotrung municipality was abandoned owing to party faction. The noticeable feature of the Champdany municipality was that the collection for the last three years was more than 99 per cent. The Chairman of the Bally municipality observes that Government was thoroughly justified in their experiment—the first in mufassal Bengal—of giving this town the benefit of a lady Commissioner, *viz.*, Mis McLeod and that their choice has been singularly successful.

17. **Presidency Division.**—The following extracts from the report of the Magistrate of the 24-Parganas furnish a review of municipal administration in that district which contains one-fourth of the total number of municipalities in the Presidency:—

"The most hopeful part of municipal work is the increasing attention that is being paid to the necessity of a good Water-supply. Definite action has been taken or is about to be taken by Kanchrapara, Bhatpara, Garulia, Titagarh, Naihati, Baranagar, Kamarhati, South Dum-Dum, Baruipore and Basirhat. . . . . The most essential thing for health in a town is proper drainage. In this, Titagarh leads the way with its sewerage scheme under construction. Bhatpara and Kamarhati are following close behind with their schemes which are at present before Government. A start has thus been made in this important work and I trust that the other congested municipalities along the mill area will soon be able to follow their example. I have been much impressed by the excellent work done by the Health Officer and Sanitary Inspectors of the various towns. Formerly, there was no body whose duty it was to fight epidemics and the Chairman and the Vice-Chairman had to do their best with inadequate knowledge and a complete want of staff with the result that the epidemics had a free hand. Now the appearance of an epidemic is met with energetic action by a skilled official."

The above remarks can be placed on the credit side of municipal administration and it shows what can be done when there is an active hardworking population but there are many municipalities in this district which cannot justify their existence. In Jaynagore, Rajpur, North Dum-Dum, Gobordanga, Barasat, Baduria and Taki not even the municipal rates are properly collected: the local authorities are moribund. The Commissioners do not seem capable of understanding their civic responsibility in realising the money for the public and are quite content to let things slide. These municipalities are also characterised by the heavy cost of administration. What work is done is, of little extent, is badly done and costs far too much."

The Magistrate of Nadia reports that all the municipalities in that district have been fairly keen and done their duties in a fairly satisfactory manner. In Nabadwip and Santipur, however, party feeling marred the harmonious working of the municipalities and proved detrimental to public interests. The condition of roads in Krishnagar continues to be deplorable. The town of Kushtia is developing fast and the Commissioners have already started a development schemes by constructing new roads. The Birnagar municipality, though financially handicapped, is making valiant efforts to rid the town of malaria and receives useful support and cooperation from the newly started *Palli Mandali*. The municipal administration of the district of Murshidabad is said to have been fairly well-managed, so far as funds permitted, but the general complaint of all the municipalities is want of funds which handicaps their efforts to make any improvement. In Azimganj the system of inspection of the wards by the Commissioners was kept up with good results. Of the three municipalities in Jessore, Kotechandpur leads the way as the most efficient and up-to-date, Jessore is still hampered by heavy repayments for water-works loans, while Moheshpur is declining slowly with an ever-diminishing population of only 3,600. Khulna continues to do creditably, though not quite up to the standard of the previous year in the matter of collection; the work of the Debhatta municipality is said to be slovenly—as before. It is reported that the new Board which has lately been formed show a desire for progress.

The Commissioner of the Division observes:—

"On the whole, there was a distinct advances made by the municipalities in the year under report. In a few municipalities, however, the executive displayed regrettable timidity in taking legal steps for collecting taxes, with the inevitable consequence that the administration was bad. This is chiefly due to the fear of offending voters who might withhold votes at the next election and the educated community who might write in the newspapers. . . . . There is a tendency to spend less and less on roads with the result that in most of the municipalities the roads are in a deplorable state. The conservancy administration was generally satisfactory, but the methars and sweepers everywhere are

dissatisfied with their pay. The water-supply was not fully adequate in most municipalities though the dearth of water is not felt so keenly in any town as in the rural areas."

18. **Dacca Division.**—Dacca suffered a great loss in the death of Nawab Khaja Muhammad Yusuf, who had been the Chairman for nearly 18 years. The state of affairs in the municipality is unsatisfactory; the revision of assessment was strenuously opposed and in consequence the collections were extremely bad.

The Magistrate of Mymensingh is unable to congratulate the municipalities within his district on the success of their administration. In Mymensingh town, the roads and drains are said to be "about as bad as they possibly could be."

On the whole, the municipalities of Faridpur and Madaripur were efficiently conducted but the financial position of the Rajbari municipality leaves much to be desired. As regards the municipalities in Bakarganj, the Magistrate observes that they are all suffering from a shortness of funds, which makes it impossible for them to take suitable measures for improving the amenities of civic life. In Barisal the extension, and in Patuakhali, the establishment of water-works is said to be an absolute necessity. None of the municipalities are in a position to make adequate provision for sanitary improvements, and Jhalakati and Perojpur are trying their best even to get rid of the Sanitary Inspectors. Bhola and Nalchiti can with difficulty pay for the existing services. Within circumscribed limits, however, all the municipalities, especially Barisal and Patuakhali have done good work. An interesting feature of the year was the establishment by the Barisal municipality of a Co-operative Society among the municipal sweepers called "Barisal Municipal Methar Samabaya Sammilani" consisting of 68 members, with the Municipal Chairman as its *ex-officio* Chairman. The object of the Society is to rescue the sweepers from their chronic state of indebtedness.

19. **Chittagong Division.**—The financial condition of the Chittagong municipality was unsatisfactory. There was a large accumulation of arrear taxes owing to laxity in collection. The Cox's Bazar municipality suffered from a terrible cyclone in May 1923. The financial condition of the Comilla and Brahmanbaria municipalities was fairly good. In Noakhali several of the municipal roads were raised and improved and steps were taken to keep the town in neat and clean condition.

20. **Rajshahi Division.**—The Commissioner of the Division observes:—

"With the exception of Darjeeling which has maintained its reputation as an efficient and up-to-date municipality, none of the municipalities can claim to have done more than carry on their routine activities. In some the standard of administration has deteriorated. Party strife has prevented the fruition of the energy shown by the new Rajshahi Board in the previous year. In Serajganj and Sherpur too, party faction has militated against successful administration. Some municipalities such as Pabna threaten to relapse into bankruptcy. Dinajpur is solvent but unenterprising. Kurseong was unfortunate in having no permanent Chairman for the greater portion of the year; but the Vice-Chairman who officiated for nearly the whole year carried on the work with considerable success. The incidence of taxation in the plains municipalities is very low and unless the rate-payers can make up their minds to bear additional taxation I do not see how any material improvement in municipal conditions can be looked for. I do not think that a considerably increased and properly distributed assessment would really bear hardly on any of the municipalities."

21. **Conclusion.**—The progress made in the improvement of urban sanitation and water-supply is satisfactory, but beyond this there is little in the history of the year which calls for special notice. The average annual income per municipality is Rs. 70,000 and that per head of population is about Rs 4. Financial difficulties are, therefore, at the root of most of the civic problems in the Presidency. Roads and other public works, conservancy, water-supply, lighting and general administration consumed about Rs. 54 lakhs of the total revenue and Rs. 26 lakhs were spent to provide for education, medical relief, vaccination, sanitation, drainage, fire prevention, etc. Many municipalities are too poor to be able to afford

an up-to-date administration but in many cases the Municipal Commissioners are content with an income barely sufficient for the minimum requirements of municipal administration. Unless, therefore, the municipalities are prepared to strengthen their financial position, by the raising of taxation, which is now extremely low (*viz.*, Rs. 2-15-4 per head of population), it is apparent that no great amelioration of the condition of civic life can be effected. The remedy lies in some cases in the hands of the Municipal Commissioners. In some towns, for instance, additional means may be found by the substitution of a rate on holdings for the tax on persons. The utilisation of trenching grounds for cultivation and grazing purposes is a source of income which might well be developed.

The names of the following Chairmen, Vice-Chairmen, and Municipal Commissioners have been specifically brought to the notice of Government by the Commissioners of Divisions on account of the good work done by them and Government (Local Self-Government Department) desire to express their appreciation of the public spirit shown by these gentlemen :—

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 15th April 1925.**

**Summary.**—During the week moderate rain fell in North and East Bengal, while elsewhere the fall was only light. It has facilitated the sowing of jute and paddy and improved the prospects of standing crops generally, except in parts of West Bengal where more rain is needed. The average price of common rice for the province has risen by about 0·82 per cent. as compared with that of the previous week.

### GOVERNMENT OF BENGAL.

#### POLITICAL DEPARTMENT.

NOTIFICATIONS.

*No. 1830X.—The 24th April 1925.*—In exercise of the powers conferred by section 10 of the Bengal Criminal Law Amendment Act, 1925, the Governor in Council is pleased to make the following rules:—

#### RULES.

**Time and place of sitting.**

1. Commissioners may sit for the trial of any offence cognizable by them at such times and places as may be convenient.

**Appointment and powers of President.**

2. (*a*) The President of the Commissioners shall be such one of the Commissioners as the Local Government may nominate in this behalf.

(*b*) The President shall determine the times of sitting, shall pronounce the orders and judgment of the Commissioners and shall have power to regulate all matters incidental to any trial before the Commissioners. The record of the evidence shall ordinarily be made by the President, and the judgment shall ordinarily be written by, or from the dictation of, the President.

(*c*) All or any of the duties specified in sub-section (*b*) may, with the consent of the President, be performed by either of the other Commissioners.

**Issue of processes.**

3. (*a*) All letters, requisitions, warrants, notices and other processes issued by the Commissioners shall be issued over the signature of the President, or failing him, over that of any one of the Commissioners.

(*b*) The Commissioners shall be entitled to use either their own seal, or the seal of the District Magistrate of the district in which the Commissioners are, for the time being, sitting.

(*c*) All processes for attendance of witnesses or production of documents, papers or things, and all requisitions for records shall issue in the same way as if the trial were before the Sessions Court of the district.

(*d*) Applications for processes and for requisitions before the commencement of the trial shall be made to a Magistrate of the first class in the district where the trial is to be held, and such Magistrate shall have power to issue processes and requisitions which will be returnable before the Commissioners.

### Absence of Commissioner.

4. (*a*) In the absence of any Commissioner, the trial shall be adjourned for such time as the remaining Commissioners shall consider reasonable.

(*b*) In the event of the likelihood of a prolonged absence of any Commissioner, the Local Government may appoint another Commissioner in his stead, and when the Commissioner so appointed takes his seat, the trial shall be resumed from the point at which it was interrupted :

Provided that upon such resumption the accused may require that the witnesses, or any of them, shall be re-summoned and re-heard. Any witness so recalled may be examined at any stage of the case.

### Joinder of charges.

5. When a person is accused of more offences than one, and the Commissioners are of opinion that the offences are such that they should be tried together, then the said person may be charged with and tried at one trial for every such offence.

### Charge to be read and witnesses to be examined.

6. When the accused appears or is brought before the Commissioners, the charge, if a charge has been already framed, shall be read out and explained to the accused, and he shall be asked whether he is guilty of the offence charged or claims to be tried. If the accused pleads guilty, the plea shall be recorded and he may be convicted thereon. In cases where no charge has already been framed, and in cases where a charge having been framed, the accused refuses to, or does not, plead, or claims to be tried, the prosecutor shall state briefly the particulars of the offence with which the accused is charged, and the evidence by which he expects to prove the guilt of the accused. As the evidence of each witness for the prosecution is concluded, the accused shall be given an opportunity of cross-examining him, and after such cross-examination (if any) and re-examination (if any) the Commissioners may discharge the witness, and the accused shall not recall for further examination or cross-examination any witness so discharged except with the consent of the Commissioners and subject to such conditions as they may impose.

### Framing of charge.

7. When the evidence of all the witnesses for the prosecution has been taken, or at any previous stage of the case, the Commissioners shall, in cases in which no charge has already been framed, if they are of opinion that there is ground for presuming that the accused has committed any offence, frame in writing a charge against the accused. The accused shall thereupon be asked to plead to the charge, and if he pleads guilty the plea shall be recorded and he may be convicted thereon.

### Accused to give list of witnesses.

8. As soon as the charge is framed, or in cases in which a charge has been framed before the commencement of the trial, at such stage as the Commissioners may direct, the accused shall be required at once to give, orally or in writing, a list of the persons, if any, whom he wishes to be summoned to give evidence in his defence.

### Power of Commissioners to refuse to summon witnesses.

9. **Report on the Bruce Institution for the year 1924.**

(2) The Rev. Father T. Van der Schueren, S.J., and Mr. Maurice Romfry, who were away in Europe for more than six months and had therefore ceased to be Governors under the rules, were re-appointed in that capacity on their return to India

(3) The Hon'ble Mr. Justice H. G. Pearson and Mr. W. F. Papworth, whose terms of office had expired, were re-appointed Governors.

(4) The Rev. Canon W. A. H. Parker was appointed to be a Governor, *vice* the Ven'ble Archdeacon J. Godber, resigned.

II. **Capital and income.**—At the end of the year, the capital of the institution amounted to Rs. 10,16,200 in 3½ per cent. stock certificate of the year 1865, and, in addition, temporary investments from savings stood at Rs. 23,200, as in the previous year, all of them in Government securities. The annual interest is Rs. 37,629, which is banked with the Imperial Bank of India. The year opened with a cash balance of Rs. 18,961-12-9 and closed with one of Rs. 18,227-15-1.

III. **Election to vacancies, etc.**—(1) The annual election of wards was held on Monday, the 7th January. For the 14 vacancies advertised 67 applications were received, but a further vacancy having occurred before the election, 15 girls were elected on the recommendation of a sub-committee consisting of the Rev. O. Penley, the Rev. Father T. Van der Schueren, S.J., the Rev. E. B. Joyner, and Mr. W F. Papworth. Of the girls elected, 10 were placed in the Loreto Convent, Entally (5 in the 1st, and 5 in the 2nd, boarding school), 3 in St. Thomas' School, 1 in St. Joseph's Convent, Cuttack, and 1 in Old Church Parochial Home

(2) Of the 13 girls withdrawn during the year, 12 had attained the age of 17, the limit ordinarily allowed under the rules, and 1 was withdrawn because the Governors had decided that she was not to be allowed for certain reasons to go home for the holidays.

(3) Of the girls who had been withdrawn during the preceding year, and in respect of whom reports have been received during the year under review, one is employed as a typist in a Mercantile firm, another as an operator in the Bengal Telephone Company, and one is helping to look after the little children in the school in which she was educated. One girl has finished her course in shorthand and typewriting at the Y. W. C. A. and is on the lookout for an appointment, while another is undergoing training at the Remington Company's classes in business routine to enable her to fulfil the duties of a steno-typist, and is also learning to operate the calculating machine.

(4) At the close of the year there were 91 wards on the rolls against 92 in the previous year. They were distributed as follows :—

| | |
|---|---|
| Loreto Convent, Entally { 1st Boarding 23 / 2nd Boarding 26 } | 49 |
| Calcutta Girls' High School ... ... ... ... | 11 |
| St. Thomas' School ... ... ... ... ... | 7 |
| Loreto Convent, Asansol ... ... ... ... | 8 |
| Pratt Memorial School ... ... ... ... | 6 |
| St. Paul's Mission Home ... ... ... ... | 4 |
| St. Mary's Convent, Naini Tal ... ... ... ... | 3 |
| Old Church Parochial Home ... ... ... ... | 2 |
| St. Joseph's Convent, Cuttack ... ... ... ... | 1 |
| Dow Hill School, Kurseong ... ... ... ... | 1 |
| Bishop Westcott School, Ranchi ... ... ... ... | 1 |
| Wynberg School, Mussoorie ... ... ... ... | 1 |
| Total ... | 94 |

(5) The following table affords particulars as to the class and religion of the wards at the close of the year :—

| Class. | Roman Catholic. | Church of England. | Non-conformist. | Total. |
|---|---|---|---|---|
| 1. Orphans, or deserted by their parents ... ... | 14 | 8 | 1 | 23 |
| 2. Fatherless or motherless, or deserted by their fathers or mothers ... ... ... | 43 | 11 | 4 | 58 |
| 3. Those who have both parents alive ... ... | 7 | 2 | 4 | 13 |
| Total ... | 64 | 21 | 9 | 94 |

(6) The health of the wards was generally satisfactory, but a ward who was in very poor health was sent to the Meath Convalescent Home, Shillong, for a change. Two other wards, whose eyes were defective, were supplied with spectacles. There were no deaths.

IV. **Education and Maintenance.**—The nature of the education given to the wards was that prescribed for Higher Grade Schools under the Code of Regulations for European Schools in Bengal, and in a few cases that for Secondary Schools

(2) The Governors are anxious that their wards should not be allowed to drift when they leave school, and have accordingly asked the Visiting Governor to make, in consultation with the school-authorities and the girls themselves who have attained, or are about to attain, the age of 15, some definite proposals where this seems desirable, so that the last two years of their school life may be spent to the best advantage and be a preparation for earning a living.

(3) One ward was sent up for the Senior Cambridge Local Examination in December 1923 and passed. Two were sent up for the Junior Cambridge, but failed, and one was sent up for the Higher Grade Schools Final Examination and passed. Some wards appeared at the Cambridge Local Examinations held in December 1924. The results are not yet known.

(4) Under the rules a ward is not ordinarily allowed to remain on the Fund after the age of 17, when an outfit grant of Rs. 100 is generally given on application to enable her to make a start in life. In cases where wards wish to be trained as teachers, and have the support of the school authorities, or where some other special training is recommended, or they are preparing for higher examinations, some extension of the period of benefit is generally allowed. One girl was granted a further year's extension to enable her to complete her commercial course. Two other wards received short extensions of a few months each to enable them to appear at the Senior Cambridge Local Examination and the Higher Grade Schools Final Examination, respectively.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 25-15-6 against Rs. 25-5-9 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below :—

| 1924. | Rs. | A. | P. | 1923. | Rs. | A. | P. |
|---|---|---|---|---|---|---|---|
| Education and Maintenance | 33,360 | 0 | 0 | Education and Maintenance | 32,882 | 8 | 0 |

V. **Inspection.**—The Rev. Father T. Van der Schueren, S. J., was appointed Visiting Governor for the first-half, and the Rev. E. B. Joyner for the second-half of the year. Father Van der Schueren visited all the schools in Calcutta having Bruce wards and saw individually every ward. The impression made on him was quite favourable. In all cases the children were clean and neatly dressed, and it seemed to him that more than ordinary attention was being shown. He suggested that in December the Inspector of European Schools should obtain from the various employers of shorthand typists a list of vacancies together with the conditions of employment, and that this list should be sent to the various schools. This would also apply to the Telephone Company and other employers. The Inspector of European Schools has promised to comply with the suggestion. Mr. Joyner also visited all the schools in Calcutta having Bruce wards. He inquired about their health, happiness, and vocational desires, and on the whole was pleased with the result. He found the wards tidy and neatly dressed. All, with a few exceptions, were enjoying good health. He was glad to find the girls taking their place along with those who had had better chances in their early lives, and all, except one, seemed to be happy and well pleased with their schools. He felt that the parents of the

girls and the Governors of the Bruce Institution were deeply indebted to the school authorities for the way in which they have taken these children into their schools and given them all the advantages which the schools afford.

VI. **Meetings.**—Four meetings were held in the year, and among the various resolutions passed the following may be noted :—

That girls, on election, should as a general principle be placed in Higher Grade Schools.

J. A. WOODHEAD,
*Secretary to the Government of Bengal.*

No. 23-S., dated Delhi, the 25th March 1925.

RESOLUTION—By the Government of India, Commerce Department.

SHIPPING.

Previous to 1893, the form of agreement prescribed for lascars contained a stipulation limiting the period of engagement to twelve months. In issues of this form subsequent to 1893 the figure twelve was omitted, although the practice to restrict the original engagement to a period not exceeding twelve months continued to be uniformly observed. The question has again been raised whether lascars can be engaged in the first instance under the lascar agreements for more than twelve months. The Government of India have again given the matter their most careful consideration and consider it inadvisable to depart from the present practice. At the same time they do not propose to interfere with the present arrangement whereby, with the consent of all parties interested, agreements can be extended for a period not exceeding six months by lascars who have proceeded under agreement to ports in the United Kingdom.

In other words the Government of India have decided to maintain the present practice and to regularise it by amendment of the form of agreement.

2. The Governor-General in Council is accordingly pleased to direct that article 1 of the form of agreement for lascars prescribed in the resolution by the Government of India in the late Department of Commerce and Industry, No. 4817-4822-5, dated the 4th July 1912, shall be amended to read as follows :—

The several persons whose names are hereto subscribed, and whose descriptions are contained herein, and of whom.....are engaged as sailors, hereby agree to serve on board the said ship, or any other vessel to which they may legally be transferred, in the several capacities expressed against their respective names, on a voyage from ..... to any other ports or places within the limits of 60 degrees North and 50 degrees South Latitude, trading to and fro as the nature of the service of employment may require, for any period not exceeding ..... .. months (provided that this period may be extended by a period not exceeding six months by any other further agreement entered into under section 125 (*3*) of the Merchant Shipping Act, 1894), and finally to be discharged at ..... within the said ..... months from the date of this agreement.

*Note.*—The number of months to be entered must not exceed twelve.

*Order.*—Ordered that a copy be forwarded to the maritime Local Governments, the Director General of Commercial Intelligence, the High Commissioner for India in the United Kingdom, and the Indian Trade Commissioner in London.

Ordered also that the resolution be published in the Supplement to the *Gazette of India* for general information.
